

# Lancelot

The federal style of Lancelot radiates transitional design with regal architectural elements. Reeded columns can be specified in a contrasting finish. Rounded bale pulls are available in Old English Brass, Silver or Black. Two prestigious glass door overhead cabinets with antiqued crackled glass are included in the line. Lancelot is available in cherry species in a host of monochromatic or contrasting finish options.

## Product Specifications

- Veneer:** All exterior surfaces are finest selected plain-sliced book-matched Cherry veneer chosen for superior clarity and exact consistency.
- Top Construction:** Tops are 5-ply balanced construction, 1 1/2" thick with solid matching hardwood rims precisely mitered on all four corners.
- Chassis:** The chassis consists of Cherry book-matched veneer. Mortise and tenon construction. Breakfront center modesty panel on desks. Leveling glides are set in solid hardwood to prevent glide tear-out.
- End Panels:** Outside end panels are 13/16" thick with a Cherry edge veneer on the front and back.
- Pedestals:** Pedestals are mortise and tenon construction reinforced with screws for increased stability.
- Drawers:** Drawers are assembled using four corner, dovetailed box and 1/4" thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 7/8" thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.
- Drawer Suspension:** High quality black drawer suspensions carry a lifetime warranty. File and box drawers have 100% full extension with over-travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.
- File Systems:** All file drawers are constructed with a custom designed filing system in place.
- Locking:** All desks, credenzas, returns and lateral files feature central locking to provide maximum security and flexibility. Units are shipped randomly keyed as standard ("L" and "U" units keyed alike). Keyed alike units available at no upcharge with removable cores for infield re-keying.
- Finish:** JSI's multi-step finish process includes a high quality translucent stain and clear catalyzed conversion varnish top coat which enhances and protects the natural characteristic beauty of the veneer and hardwoods. This finish combines durability and consistency with the ease of being field repairable. Tops feature a semi-open pore finish to a 60° sheen.
